Experienced UI/UX Designer with a strong focus on user-centered design and 2 years of proven success in creating intuitive and visually appealing digital interfaces

Experience

04/2022 - 04/2023

Moresand
Technologies

UI/UX Engineer

- Created high-fidelity prototypes using Adobe XD for both new and existing features in the project 'World Airfares'
- Introduced responsiveness to the 'Travel Center UK' website
- Conducted user research and testing to ensure designs meet user expectations
- Gathered requirements from client meetings and incorporated them into the design process to ensure that the final product met their needs and expectations
- Worked closely with the marketing team to ensure that the designs aligned with the company's branding and marketing goals
- Collaborated with the development team to ensure that the designs were feasible and technically sound
- Continuously iterated on designs based on feedback

10/2021 - 04/2022

1 Billion Technology

UI/UX Designer Intern

- Designed high fidelity interactive prototypes for project 'Odotime' using Figma
- Maintained design systems and design specifications to ensure consistency across the website
- Presented and refined design concepts based on client's feedback
- Followed best practices to make it visually attractive and user-friendly, while adhering to industry standards and trends

10/2020 - 04/2021

Digiratina
Technology Solutions
(Dialog Axiata PLC)

Software Engineer Intern

- Revamped the user interface design for the project 'Workflow Dashboard' using Angular, HTML, and CSS, with a focus on enhancing user experience and visual aesthetics
- Conducted design reviews and presented design concepts to stakeholders for feedback and iteration
